APPALACHIAN REGIONAL PORT

CONNECTING THE MID-SOUTH TO THE WORLD

GPA AND CSX MOVE CARGO MORE EFFICIENTLY

The Appalachian Regional Port: A powerful gateway to global markets.

- The Appalachian Regional Port (ARP) offers an efficient solution to hours of service/ELD supply chain challenges.
- Exclusive CSX service on a direct, 388-mile rail route to/from GPA's Garden City Terminal.
- Provides an alternative to an all-truck dray to/from the deepwater Port of Savannah for target markets in Georgia, Alabama, Tennessee and Kentucky.
- Each round-trip container moved via the ARP offsets 710 truck miles on Georgia highways.
- Import and export intermodal service available.
- Located in Northwest Georgia, with easy access to Interstate 75 and U.S. 411. Facilitates the production and export of carpet and flooring, automobiles, tires and other goods.
- Current annual capacity of 75,000 containers, with opportunities for capacity increases based on demand.

Cargo Owners

Contact ocean carriers for through bill of lading to/from ARP.

Motor Carriers

- TWIC card not required for entry. Drivers and trucking firms must register and comply with UIIA guidelines.
- On-site staff to assist drivers.
- Chassis Pool and M&R services at near-terminal site.
- Designated start/stop site for South Atlantic Chassis Pool.
- Designated Container Yard.
- Georgia has a legal gross vehicle weight (GVW) of 80,000 lbs (36,287 kgs). With permits and proper chassis, GVW can increase to 100,000 lbs (45,359 kgs).

Visibility

Cargo interests have visibility into when cargo loads to rail, arrival at ARP or Savannah, and availability for pick-up via webaccess.gaports.com.
